Capability to deliver in any major language preferred by Client

## Dedicated Account Manager

UK based dedicated account manager for enhanced customer support

# PCI End to End Training & Accreditation Approach

Classroom/Webinar Learning

Internal Assessment (Paper format includes case studies & online /MCQ's) at the end of each module

\* To know more about modules, please contact us at [info@ProjectControlsInstitute.com](mailto:info@ProjectControlsInstitute.com)

## 4 Unique Delivery Approach

We have developed a unique approach to deliver these apprenticeships. Our approach includes training (Technical, Occupational and Software), assessment gateway review and end point assessment.

“This approach develops competency and creates an environment that enables it to attract, develop and retain individuals who can contribute towards business objectives”

**Working with PCI has a multitude of benefits such as:**

- Involved in the development of the Apprenticeship Standards
- Registered training provider for Apprenticeships
- Approved training provider of major professional organizations
- Training with case studies and real-life examples across the project life cycle

## 5 Project Manager Degree (Level 6) Apprenticeship

- ▶ London Metropolitan College offers a 4-year Project Manager Degree Apprenticeship.
- ▶ The programme can be customised to meet individual organisation requirements based on candidate experience, qualifications, background and business needs.
- ▶ The apprenticeship programme develops essential skills, knowledge and understanding within the individual, emphasising the integrated nature of highly successful Project Teams with principles that are understood within a "business context".

**Project Manager Degree apprenticeship standard is approved and ready for delivery.**

**Level: 6**

**Standard duration:** 48 months.

**Total credits:** 360 (320 on-Programme credits + 40 End-point Assessment credits).

**Degree:** BSc(Hons) Degree in Project Management.

- ▶ **Career progression:** Eligibility to become full members of Association for Project Management (APM), the Chartered Body for the Project Profession.
- ▶ **Entry Requirements:** Employer driven. Typically, an apprentice might be expected to have achieved appropriate level 3 qualifications on entry e.g. 3 GCE "A" Levels at Grades A to C, or a vocational equivalent. Apprentices are also expected to have typically achieved Maths and English at Level 2 prior to starting the apprenticeship.

## 6 Apprenticeships Under Development

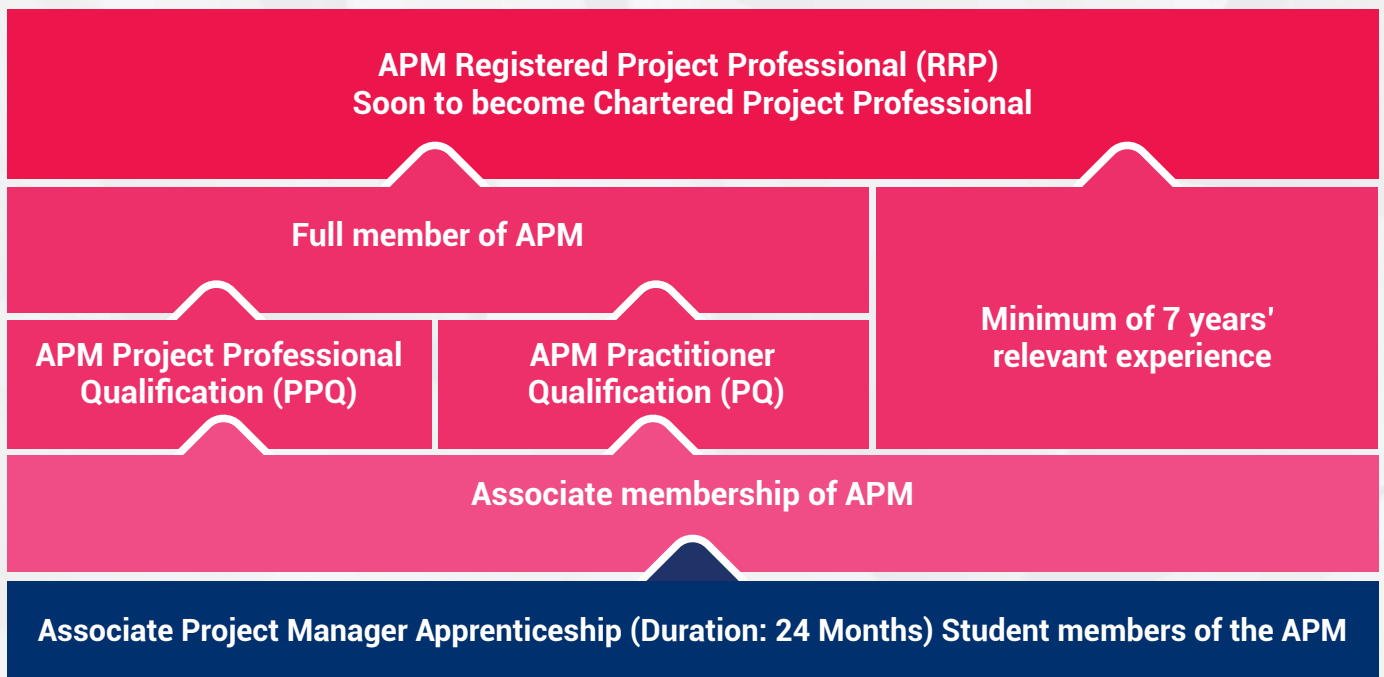

- ▶ Project Controls Professional Apprenticeship (Level 6).

## 7 Associate Project Manager Apprenticeship

Every project needs to be managed to ensure its success.

**“An associate project manager knows what needs to be achieved, how it will be achieved, how long it will take and how much it will cost, and works with the project team to achieve the required outcomes”**

- Associate Project Manager apprenticeship standard is approved and ready for delivery
- This is level 4 apprenticeship
- The typical duration of this apprenticeship is 24 months
- Career progression: Associate Project Manager career progression is shown below

## 8 Apprenticeships Under Development

- Project Manager Integrated Degree Apprenticeship (Level 6)
- Project Controls Professional Apprenticeship (Level 6)

## 9 Project Controls Technician Apprenticeship

"A Project Controls Technician controls, monitors and systematically analyses progress and performance data on engineering, manufacturing, construction and infrastructure projects"

- Project Controls Technician apprenticeship standard is approved for delivery
- This is level 3 apprenticeship
- The typical duration of this apprenticeship is 36 - 42 months
- Career Progression: Project Controls Technician career progression is shown below
